

Gardener harvesting fresh food

Bellevue Community Center

About Us

Bellevue Community Center (BCC) is a not-for-profit, community-based, multi-service agency located just north of the City of Wilmington operating since 1978. BCC's mission is to provide affordable and accessible services that help improve quality of life for community members of all ages. We offer a broad range of educational, recreational, self-enrichment, and family support services to over five thousand community members each year. Services include pre-school childcare, computer tutorials, school-age before/after-school care, recreational services, summer camp programs, youth training programs, and instructional classes.

- Increases property value

BCC Community Garden

*Located at the
Bellevue Community Center*

Welcome to the BCC Community Garden!

A community garden means many things to many people. For some, a community garden is a place to grow vegetables, flowers and herbs in the company of friends and neighbors. For others, it's a place to reconnect with nature or get some physical exercise. Yet others use community gardens simply because they lack adequate space to have a garden at their house or apartment. And for our children, the community garden can be a place to learn and grow.

Regardless of why you are choosing to take part in our garden, your experience will provide a real sense of satisfaction and accomplishment...welcome!

The community grows in the garden

Community members have the opportunity to rent a garden plot and enjoy gardening in a community space. It's a great way to garden if you need space or want the ease of using a space designed for gardening. Please visit our website or contact the BCC for more information.

"The garden is a great community resource that provides beauty, recreational space, and a place for people of all ages to grow"-HM

Connecting the community to food

- Weekly seasonal farm stand offering fresh healthy food
- Bellefonte Farmers Market events (check events section)
- Volunteering and learning opportunities

Engaging BCC Youth

BCC is a designated Clean Food Site. Our children eat fresh, made from scratch meals to

Sunflowers in bloom
